

Real need exists for a new classroom building to continue and expand this exceptional Christian education.

*If you could do something to address this urgent need, what might it be? An opportunity lies within your reach to make a meaningful response.*

“And the light shineth in darkness; and the darkness comprehended it not.” —JOHN 1:5

THERE IS NO VISION WITHOUT LIGHT. Such is the way of secular school systems that undertake leftist goals as their purpose. The nation—especially its children—is paying a devastating price.

TODAY'S SOCIAL PRESSURES to affirm unhealthy, ungodly and anti-family causes such as the sexual orientation and gender identity agenda, are at the core of their godless, secular curricula.

PARENTS SEEKING ALTERNATIVES have found Harford Christian School to be a superior choice. Because of this, enrollment has exploded and the construction of a new classroom building is urgent!

SINCE 1966, Harford Christian School has provided the highest quality Christian education with a biblical worldview to thousands of students, free from secular influences, and now we must expand our facilities.

TOGETHER WITH GOD'S SUPPLY through his people to fund the construction of a state-of-the-art classroom building, we can meet the challenges of the 21st century. Will you help?

## In Support of **Vision 21** **TOGETHER**

For the past 26 years HCS has played a very prominent role in our family. We first learned of the school when Deb was working as a homecare Occupational Therapist and met Pastor McKnight's Aunt Helen. In God's providence she mentioned HCS at a time when we were increasingly dissatisfied with the private religious school our eldest daughter attended. Unfortunately, the culture there was worldly despite the religious label. Upon entering HCS our family found a home where the leadership, including the pastor, principal, and faculty, consistently taught and modeled that Christian distinctiveness is a way of life based on God's Word and not just an academic exercise. Their steadfastness to God's Word without yielding to worldly culture was comforting and encouraging as we navigated raising our daughters. After our third daughter graduated in 2017 we missed the culture and fellowship that we enjoyed at HCS. As the demands of our previous careers subsided, we sought to re-enter the HCS community, not as parents but as employees. Retirement is overrated when we can be here! It's our hope that investing time here, at the school we love, will be a testimony to the value and importance of HCS in a challenging world.
